## ▼ Description

In order to guarantee the highest reliability, the Micro SDXC / SDHC card is subjected to extensive testing under difficult conditions. It is waterproof, temperature resistant, shockproof and resistant to X-rays and electrostatic discharge. Produced with high quality MLC NAND flash memory chips, the Micro-SDXC / SDHC card can store up to 12,000 hours of Full HD video and is therefore particularly suitable for write-intensive applications where a lot of memory space and continuous performance is required. The integrated error correction code (ECC) can also detect and correct transmission errors.

With MLC NAND flash memory chips and storage capacities up to 64GB, this high performance micro SDXC / SDHC card is ideal for Dash cameras to ensure that the move is critical, including designation in Full HD 1920 x 1080p (30 fps). This means that the police or insurance company will have reliable evidence. Surveillance cameras, security systems and IP cameras promote

## ▼ Specifications

### Key specifications

Write transfer speed	20 MB/s
Read transfer speed	21 MB/s
Memory card class	Class 10

### General information

Manufacturer	<a href="#">Transcend</a>
Product type	<a href="#">Memory card</a> <b>i</b>
Item number	10147524
Manufacturer no.	TS16GUSDHC10V
Release date	2/1/2016

### Colour

Colour group	Black, Silver
Exact colour description	Black, Silver

### Data storage properties

Memory card type	microSDHC <b>i</b>
Number of memory cards included	1
Storage capacity	16 GB
Memory card class <b>i</b>	Class 10
UHS bus	UHS-I
UHS speed class <b>i</b>	U1
Read transfer speed <b>i</b>	21 MB/s
Write transfer speed <b>i</b>	20 MB/s
SD adapter	incl. adapter

### Package Dimensions

Length	12.90 cm
Width	10.10 cm
