Description

Cable Lines stands for Lindy's concept of contemporary wired connectivity solutions. The Anthra Line USB 2.0 Type A extension cables from the Cable Line concept are the professional choice when it comes to realising connections for the highest resolutions in commercial AV and IT applications. The Anthra Line USB 2.0 cables have a double shielding and tinned copper conductors for highest and lossless transmission performance. Durable corrosion resistance and maximum reliability are guaranteed by the high-quality gold-plated contacts and nickel-plated receptacles. Data transfer speeds of up to 480Mbit/s enable a fast and smooth transfer of large data volumes.
